Profile

I have a great interest in architecture and design. For every project I'm working on I go into extensive detail trying to expand my knowledge and understanding in construction and design. I am very eager to learn and to improve my efficiency in this career.

Education

- 4th year Architectural Technology (BSc Honours Level 8)
Munster Technological University Cork
- Leaving Certificate at Mercy Mounthawk, Tralee

Relevant Work Experience

- 2022 (October-November) | Deady Gahan's Architects,**
 - Converting planning drawings into construction drawings for numerous houses as part of an estate in Midleton Co. Cork.
 - Designing multiple construction details for a 4- storey residential development in Cork city including flat roof and window details.
- 2022 (May-September) | Jeremy Walsh Project Management**
 - Working on a wide range of drawings including FSC and DAC plans.
 - Formulating Planning application drawings for two projects including an existing house with a proposed 55sqm extension which was surveyed by my colleague and I.
 - Calculating the embodied carbon of a domestic house using one click LCA software.
